## FreeHand LED Lighted Hands-Free Magnifier

da: Carson Optical

Modello: ACCCAR-FH-25

This magnifying glass features built-in LED lights to aid in low-light conditions. It has 2.5x power with a 5x power spot lens-- perfect for reading small print, viewing coins and stamps, or to help see needlework and other such arts and crafts projects. It can be used either hand-held or hands free by simply un-unfolding the 5-inch-long handle and turning it into a base. The glass is 3-1/2 inches in diameter and the overall length is 8-1/2 inches. Two AA batteries are required (not included).

**Price: € 33.91** (incl. VAT)

## LumiVisor LED magnifying Head-Visor

da: Carson Optical

Modello: ACCCAR-LV-10

A fully adjustable, head worn magnifier with multiple, built-in acrylic lenses. By combining the multiple lenses together, users can achieve either 2x, 3x, 5x or 6x power magnifications. The head strap is fully adjustable and can be adjusted to the shape of your head using the quick-release buckle to lock the strap in place. The LumiVisor is LED lighted with 3 super bright LED bulbs (3 AAA not included) The LED light can be adjusted to position the light to where it is needed most. The LumiVisor can also be adjusted up or down as needed. It can be used for a variety of purposes ranging from hobbies, crafts, model building, soldering, jewelry making, reading, inspection of coins and stamps and other tasks.

**Price: € 59.68** (incl. VAT)

## MagniLamp Flexible Arm Lighted Magnifier

da: Carson Optical

Modello: ACCCAR-GN55

Magnilamp Craft Magnifier is a hand held or fully adjustable stand magnifier with built-in light that lets you see all the details. Its large acrylic 2x power main lens and 3.5x power spot lens provides sharp, crystal-clear images. Ideal for reading fine print, hobbies, needlework and crafts. Uses two AA batteries (not included). Weighs approximately 6 ounces. Measures 10.75x4.5x1 (27,3cm x 11,4cm x 2,5cm).

**Price: € 31.87** (incl. VAT)

## LumiLoupe Plus 6x Focusing Loupe

da: Carson Optical

Modello: ACCCAR-LO06

The LumiLoupe Plus series focusing loupes from Carson contain varying magnifications. These focusable magnifying eye loupes reveal details you've never seen before in items you look at every day. Focusable, dual lenses allow for examination of objects close up, while a transparent, acrylic base permits ambient light to illuminate your subject for bright, crystal clear viewing. The dual lens focusing system creates higher power and less distortion allowing for clear, super sharp images at multiple distances. These magnifying loupes are great for examining fine details in coins, stamps, film negatives, currencies, photography, wildlife, miniatures and so much more.

**Price: € 21.70** (incl. VAT)

## Lume Series 3.5" 2.5x Aspheric COB LED Magnifier

da: Carson Optical

Modello: ACCCAR-AS90

The AS-90 is part of the new Lumé Series and is a 2.5x Aspheric COB LED Magnifier with 7x Spot Lens. Aspheric lens magnifiers allow for increased magnification and image clarity while greatly reducing edge to edge distortion. It has a 3.5" diameter Acrylic Lens and boasts 3 Ultra bright COB LEDs with diffusive cover lenses. Light diffusers work to eliminate LED hot spots, blending and evenly distributing the light. COB LEDs are brighter than traditional LEDs, provide a greater uniformity of lights and consume less power. The AS-90 also features a multi position switch with 2 brightness settings and uses 2 AAA batteries (batteries not included). Ideal for reading fine print or in low light environments, hobbies & crafts, or everyday needs.

**Price: € 31.19** (incl. VAT)
