

Accessories, Fashion & Haberdashery - Needles Pins and Magnets

## Ball point needles #34

da: Sullivans

Modello: ACCSUL-603182-39871

A set of needles with a special ball point, ideal for all counted stitching (cross stitch, hardanger and so on) and for drawn-thread stitching that, differently from sewing, do not require pointed needles. The little sphere on their end opposite to the eye ensures the safest action on any needlework fabric, without risking to accidentally split the threads in the weft. Moreover, gently and very lightly enlarging the holes of the weave, it minimizes the friction of the stitching floss against the fabric, protecting it from fraying.

2 piece packaging, size 28 - 34 mm.

Made in USA

Expected restocking from Friday 30 September, 2022.

**Price: € 10.99** (incl. VAT)

## Ball point needles #37

da: Sullivans

Modello: ACCSUL-603181-39870

A set of needles with a special ball point, ideal for all counted stitching (cross stitch, hardanger and so on) and for drawn-thread stitching that, differently from sewing, do not require pointed needles. The little sphere on their end opposite to the eye ensures the safest action on any needlework fabric, without risking to accidentally split the threads in the weft. Moreover, gently and very lightly enlarging the holes of the weave, it minimizes the friction of the stitching floss against the fabric, protecting it from fraying. 2 piece packaging, size 26 - 37 mm. Made in USA

Expected restocking from Friday 30 September, 2022.

**Price: € 10.99** (incl. VAT)

## Ball point needles #40

da: Sullivans

Modello: ACCSUL-603180-39869

A set of needles with a special ball point, ideal for all counted stitching (cross stitch, hardanger and so on) and for drawn-thread stitching that, differently from sewing, do not require pointed needles. The little sphere on their end opposite to the eye ensures the safest action on any needlework fabric, without risking to accidentally split the threads in the weft. Moreover, gently and very lightly enlarging the holes of the weave, it minimizes the friction of the stitching floss against the fabric, protecting it from fraying. 2 piece packaging, size 24 - 40 mm. Made in USA

Expected restocking from Friday 30 September, 2022.

**Price: € 10.99** (incl. VAT)
