

Threads & Yarns - xJuDesign - Hand dyed Silk Floss

Silk Thread - Midnight Blue

da: xJuDesign

Modello: FIL-XJU-PS67

A precious, six-strand floss, hand dyed with all the passion and skill of Judith, the Hungarian artisan who founded the brand xJuDesign, already well-known for their hand-dyed linens.

It's perfect for cross stitch, but ideal for Blackwork and for traditional embroidery, too.

The skein is 8.7 yards approx, conveniently pre-cut in 0.87-yard lengths.

Do not wash after stitching, because hand-dyed colors may bleed.

Please note: Judith ensures her best in taking the pictures of her threads, however it is extremely hard to take "real color pictures" and colors may appear differently on different computer monitors. So, please, consider the picture as merely indicative, as for any other hand-dyed thread. Also, please note that threads from different dye lots can have different color shades. So, if you're going to start a large project with this thread and more skeins of it are needed, please contact us before placing your order, so that we can ask Judith to provide us with skeins exactly from the same dye lot.

Price: € 5.39 (incl. VAT)

A precious, six-strand floss, hand dyed with all the passion and skill of Judith, the Hungarian artisan who founded the brand xJuDesign, already well-known for their hand-dyed linens.

It's perfect for cross stitch, but ideal for Blackwork and for traditional embroidery, too.

The skein is 8.7 yards approx, conveniently pre-cut in 0.87-yard lengths.

Do not wash after stitching, because hand-dyed colors may bleed.

Please note: Judith ensures her best in taking the pictures of her threads, however it is extremely hard to take 'real color pictures' and colors may appear differently on different computer monitors. So, please, consider the picture as merely indicative, as for any other hand-dyed thread. Also, please note that threads from different dye lots can have different color shades. So, if you're going to start a large project with this thread and more skeins of it are needed, please contact us before placing your order, so that we can ask Judith to provide us with skeins exactly from the same dye lot.

Modello: FIL-XJU-PS123

A precious, six-strand floss, hand dyed with all the passion and skill of Judith, the Hungarian artisan who founded the brand xJuDesign, already well-known for their hand-dyed linens.

It's perfect for cross stitch, but ideal for Blackwork and for traditional embroidery, too.

The skein is 8.7 yards approx, conveniently pre-cut in 0.87-yard lengths.

Do not wash after stitching, because hand-dyed colors may bleed.

Please note: Judith ensures her best in taking the pictures of her threads, however it is extremely hard to take 'real color pictures' and colors may appear differently on different computer monitors. So, please, consider the picture as merely indicative, as for any other hand-dyed thread. Also, please note that threads from different dye lots can have different color shades. So, if you're going to start a large project with this thread and more skeins of it are needed, please contact us before placing your order, so that we can ask Judith to provide us with skeins exactly from the same dye lot.

Price: € 5.98 (incl. VAT)

Silk Thread - Iris

da: xJuDesign

Modello: FIL-XJU-PS151

A precious, six-strand floss, hand dyed with all the passion and skill of Judith, the Hungarian artisan who founded the brand xJuDesign, already well-known for their hand-dyed linens.

It's perfect for cross stitch, but ideal for Blackwork and for traditional embroidery, too.

The skein is 8.7 yards approx, conveniently pre-cut in 0.87-yard lengths.

Do not wash after stitching, because hand-dyed colors may bleed.

Please note: Judith ensures her best in taking the pictures of her threads, however it is extremely hard to take 'real color pictures' and colors may appear differently on different computer monitors. So, please, consider the picture as merely indicative, as for any other hand-dyed thread. Also, please note that threads from different dye lots can have different color shades. So, if you're going to start a large project with this thread and more skeins of it are needed, please contact us before placing your order, so that we can ask Judith to provide us with skeins exactly from the same dye lot.

Price: € 5.98 (incl. VAT)

da: xJuDesign

Modello: FIL-XJU-PS202

A precious, six-strand floss, hand dyed with all the passion and skill of Judith, the Hungarian artisan who founded the brand xJuDesign, already well-known for their hand-dyed linens.

It's perfect for cross stitch, but ideal for Blackwork and for traditional embroidery, too.

The skein is 8.7 yards approx, conveniently pre-cut in 0.87-yard lengths.

Do not wash after stitching, because hand-dyed colors may bleed.

Please note: Judith ensures her best in taking the pictures of her threads, however it is extremely hard to take 'real color pictures' and colors may appear differently on different computer monitors. So, please, consider the picture as merely indicative, as for any other hand-dyed thread. Also, please note that threads from different dye lots can have different color shades. So, if you're going to start a large project with this thread and more skeins of it are needed, please contact us before placing your order, so that we can ask Judith to provide us with skeins exactly from the same dye lot.

Price: € 5.98 (incl. VAT)
