English paper piecing workshop by Jenny Jackson

da: Aurifil

Modello: KITAUR-JJ80EPP10

Jenny Jackson's debut Aurifil collection was curated to complement her new book, English Paper Piecing Workshop. A delightful set of Aurifil's 80wt cotton, each of the 10 small spools is a representation of Jenny's passion for colour. She uses 80wt exclusively for her EPP projects and loves that it sinks into the fabric with perfectly flat stitches. The collection partners a range of neutrals with a bright rainbow of colour so that all stitching needs are met. Jenny favours neutrals when merging different coloured fabrics together. She reached for bright colours when sewing different fabrics of the same hue together.
