

## Opus - craft stand

da: Withmac woodcraft

Modello: ACCBARMKII

As a portable lightweight stand, fully adjustable in angle and height, the user can operate from either a saggy, baggy old sofa or an upright wooden chair, in comfort and totally relaxed.

The sturdy design has included a quick and easy method of viewing the reverse of the work, by simply loosening an 'easy grip' cube and turning the work through 180 degrees.

Opus holds all your own frames. You do not need to purchase special attachments to clamp onto the frame and the 'easy grip' cubes allow even those with weaker hands to comfortably adjust the stand.

**Price: € 64.16** (incl. VAT)

## Symphony: Roller Frame 30x30 cm

da: Withmac woodcraft

Modello: ACCBARSYRF12

Are you tired of stitching your fabric onto a traditional frame? This brand new frame has an amazing? No Sew? system, allowing the fabric to be very simply and quickly attached to the frame without a stitch being sewn.

Symphony is a versatile hand held frame with an excellent working area. Supplied with a special clamping bar, the frame can also be used with a mono floor stand, like the **Opus**, ensuring no damage is caused to fabric or stitches.

Symphony is also supplied with a very handy little gadget known as a 'Nutter' which are invaluable when tightening up wing nuts, preventing sore fingers!

**Price: € 25.63** (incl. VAT)

Accessories, Fashion & Haberdashery - Hoops and Frames

## Sonata seat frame

da: Withmac woodcraft

Modello: ACCBARsonata

The Sonata Seat Frame is a highly versatile, fully transportable, fully adjustable sit upon frame (pictured holding a Rotating Frame).

When using Sonata, a relaxed and comfortable sitting position can be achieved in any chair or sofa. The base of Sonata is placed under the leg, and the attached work frame is then adjusted to suit.

Sonata incorporates many features, such as 360 degree rotation to view the reverse of your work, height and tilt adjustments. The frame has been designed to comfortably hold your own tapestry frames up to 12" (30cm), your own quilting hoops up to 10" (25cm), and your own embroidery hoops up to 12" (30cm).

PLEASE NOTE: in the picture, the support is represented with a roller frame that is NOT included!

**Price: € 47.40** (incl. VAT)

## Table Frame: 30"

da: Withmac woodcraft

Modello: ACCBARWTAF30

As the standard floor frame but shorter. Rubber pads on the feet of the frame protect the table when in use. Made in Beech from managed plantations and supplied complete with the special spacing washers, the frame can spin through 360 degrees. The needle worker can quickly and easily view the reverse of the work. The 'easy-grip' cubes on the two most important joints make tightening and loosening effortless, even for those with weaker hands.

**Price: € 59.53** (incl. VAT)

## Table Frame: 61

da: Withmac woodcraft

Modello: ACCBARWTAF24

As the standard floor frame but shorter. Rubber pads on the feet of the frame protect the table when in use. Accessories, Fashion & Haberdashery - Hoops and Frames

## Hand Rotating Frame 20x15 cm

da: Withmac woodcraft

Modello: ACCBARWRF96

Traditional hand rotating frame.

The tapestry, or fabric for cross stitcher's, is attached to the frame by over sewing with a strong thread on to the webbing, working from the centre outwards.

Then the excess fabric is rolled around the bars and secured in a tight position, so the fabric is drum tight.

For extra support, the sides of the fabric can be braced using a large eyed needle and string. Bring the needle up through the fabric then round the side bars and tie off securely.

**Price: € 14.10** (incl. VAT)
