

Threads & Yarns - DMC - Metallic thread art. 238

## Broder Métallisé Machine DMC - M168 Silver

da: DMC

Modello: FILDMC238-M168

Metallic thread in polyester with polyamide core and *pure silver metallic treatment* which grants this thread a particular shine effect, much brighter than the classic aluminum treatment.

High tension and breaking point. Ideal for machine embroidery. Its brightness and flowingness during the stitching process make of this an unique thread for embroidery projects on all sewing machines.

Bobbin is about 400 meters long.

37% Polyester 63% Polyammide

**Price: € 4.15** (incl. VAT)
