Welcome to our little yellow cottage by the sea! This beautiful beach retreat is the perfect place to dream about. Surrounded by a bountiful garden full of flowers, grasses, roses and a white picket fence, this is truly your ideal beach getaway. You will stitch and imagine yourself tanning on a chaise longue, or sitting under the shade of the beach umbrella sipping a tall cool glass of something delicious, while the resident cat purrs by the front door. This is a perfect design to hang in your home or cottage while you dream of sand and sunshine! Stitch Count: 80 x 89

Winter Cottage

da: Victoria Sampler

Modello: SCHVIC-164

Imagine spending some family time in this adorable Winter Cottage in the snow! This scene makes me long for those hushed winter days spent in nature, in the pure sparkling snow. The kids are playing outside in the yard, making a snowman, feeding the birds while you are putting together a picnic to take on your crisp and sunny cross country skiing trip in the afternoon. This is truly your ideal winter getaway! The water behind the cottage evokes a mountain lake, but the water view can be viewed as whatever body of water you want it to be; river, ocean or lake - whatever feels personal to you and your family!
