Sewing Scissors - Ring Lock Evolution Deco © 6"

da: Premax

Modello: ACCPREMAX-88574

This professional scissor is the result of Premax's research and solves one of the most common problems which is the elimination of the typical screw loosening and the consequent malfunction of the blades. In addition, the circumference of rotation is increased by 60%, guaranteeing a smoother and more precise cut and a longer life for the "blade edge". To the typical features of *Ring Lock*™ scissors:

- Aisi 420 stainless steel blades, micro-toothed, with sandblasted finish.
- Ergonomic soft-touch rubber handles.
- Ring Lock System.

now adds the new chiselled decoration on the blades that makes each product truly unique!

Sewing Scissors - Ring Lock Evolution Deco © 7"

da: Premax

Modello: ACCPREMAX-88575

This professional scissor is the result of Premax's research and solves one of the most common problems which is the elimination of the typical screw loosening and the consequent malfunction of the blades. In addition, the circumference of rotation is increased by 60%, guaranteeing a smoother and more precise cut and a longer life for the "blade edge". To the typical features of *Ring Lock*™ scissors:

- Aisi 420 stainless steel blades, micro-toothed, with sandblasted finish.
- Ergonomic soft-touch rubber handles.
- Ring Lock System.

now adds the new chiselled decoration on the blades that makes each product truly unique!

Size: 7" inches. Made in Italy
