## Bunka Brush

da: Rainbow Gallery

Modello: KITRAI-NB

Bunka Brush is a so-called "nap riser brush": just slip it around your fingers and brush the nap of your floss in an area of your stitched project - could be Santa's beard, for example, or a cuddly teddy bear - and get a great tridimensional effect! It can also be used with knitting and crocheting yarns, at best wool yarns.

Expected restocking from Friday 30 September, 2022.

**Price: € 24.24** (incl. VAT)
