

Threads & Yarns - Rainbow Gallery - Gold Rush XS

## Gold Rush X5 Silver

da: Rainbow Gallery

Modello: FILRAIx5

From Rainbow Gallery. Try this on both 11 count Aida and 18 count canvas. It is a very versatile yarn. This metallic can be used to replace 4-5 strands of blending filament for those who do not like to ply up. The problem of filament curling up on itself will be solved when you use Gold Rush XS.

Expected restocking from Friday 30 September, 2022.
