Card with opening

da: Fingerhut C. Dahlbeck

Modello: KITCEN-CARDDAHLBECK

Made of elegant, white Bristol light cardboard, this card with square opening was completely hand cut and refined by Christiane Dahlbeck, who has decorated it also with an exquisite, thin pink ribbon, as the ideal complement for her pattern "Wäscheklammer - The Clothespin", or for any other, little stitched pieces we would like to use it with! It comes with its envelope and with a light, white cardboard to glue on the back of the finished project, to fix it firmly into the opening. Opening size: 7x7 cm approx.
