

Threads & Yarns - ThreadworX - Vineyard Silk

ThreadworX Vineyard Silk - 100 - Lemon

da: ThreadworX

Modello: FILTWX-V100

Vineyard Silk - Artisan dyed by ThreadworX
This is a beautiful pure Chinese silk thread. It is perfect for needlepoint and other needle crafts. 20 yards per skein (about 18,29mt.). Twisted
Although ThreadworX products are carefully dyed to be colorfast, environmental issues have eliminated certain chemicals that ensure this process. Therefore it is important to launder any project with dark colors very carefully. We seldom have a problem with our colors running but we cannot guarantee complete colorfastness. Specialty threads must be treated gently! The threads must first be unskined, put into a bathroom basin 1/2 filled with cold water with 2 tbls. table salt and 2 tbls. vinegar. Soak for 2-3 minutes, remove, blot with towel and let dry. This is recommended for any piece that will require washing. Please Note: HOT WATER and using a STEAM IRON and/or a damp cloth when pressing completed project will reactivate dyes and cause bleeding. If your work has been completed and the dyes have bled in washing then you must soak the piece in ICE WATER until the color starts to bleed out. Remove from the water and run an ice cube over the problem area and then place back in fresh ice water to soak again. Repeat this process until the problem area is clear of dye. This may take continued effort, possibly over a few days, but it does work!

Expected restocking from Friday 30 September, 2022.

Price: € 8.25 (incl. VAT)

Threads & Yarns - ThreadworX - Vineyard Silk

ThreadworX Vineyard Silk - 104 - Fuzzy Peach

da: ThreadworX

Threads & Yarns - ThreadworX - Vineyard Silk

ThreadworX Vineyard Silk - 121 - Cornflower

da: ThreadworX

Modello: FILTWX-V121

Vineyard Silk - Artisan dyed by ThreadworX
This is a beautiful pure Chinese silk thread. It is perfect for needlepoint and other needle crafts. 20 yards per skein (about 18,29mt.). Twisted
Although ThreadworX products are carefully dyed to be colorfast, environmental issues have eliminated certain chemicals that ensure this process. Therefore it is important to launder any project with dark colors very carefully. We seldom have a problem with our colors running but we cannot guarantee complete colorfastness. Specialty threads must be treated gently! The threads must first be unskined, put into a bathroom basin 1/2 filled with cold water with 2 tbls. table salt and 2 tbls. vinegar. Soak for 2-3 minutes, remove, blot with towel and let dry. This is recommended for any piece that will require washing. Please Note: HOT WATER and using a STEAM IRON and/or a damp cloth when pressing completed project will reactivate dyes and cause bleeding. If your work has been completed and the dyes have bled in washing then you must soak the piece in ICE WATER until the color starts to bleed out. Remove from the water and run an ice cube over the problem area and then place back in fresh ice water to soak again. Repeat this process until the problem area is clear of dye. This may take continued effort, possibly over a few days, but it does work!

Expected restocking from Friday 30 September, 2022.

Price: € 8.25 (incl. VAT)

Threads & Yarns - ThreadworX - Vineyard Silk

ThreadworX Vineyard Silk - 122 - Morning Glory

da: ThreadworX

Modello: FILTWX-V122

Vineyard Silk - Artisan dyed by ThreadworX
This is a beautiful pure Chinese silk thread. It is perfect for needlepoint and other needle crafts. 20 yards per skein (about 18,29mt.). Twisted

Vineyard Silk - Artisan dyed by ThreadworX
This is a beautiful pure Chinese silk thread. It is perfect for needlepoint and other needle crafts. 20 yards per skein (about 18,29mt.). Twisted
Although ThreadworX products are carefully dyed to be colorfast, environmental issues have eliminated certain chemicals that ensure this process. Therefore it is important to launder any project with dark colors very carefully. We seldom have a problem with our colors running but we cannot guarantee complete colorfastness. Specialty threads must be treated gently! The threads must first be unskeined, put into a bathroom basin 1/2 filled with cold water with 2 tbs. table salt and 2 tbs. vinegar. Soak for 2-3 minutes, remove, blot with towel and let dry. This is recommended for any piece that will require washing. Please Note: HOT WATER and using a STEAM IRON and/or a damp cloth when pressing completed project will reactivate dyes and cause bleeding. If your work has been completed and the dyes have bled in washing then you must soak the piece in ICE WATER until the color starts to bleed out. Remove from the water and run an ice cube over the problem area and then place back in fresh ice water to soak again. Repeat this process until the problem area is clear of dye. This may take continued effort, possibly over a few days, but it does work!

Expected restocking from Friday 30 September, 2022.

Price: € 8.25 (incl. VAT)
