Framilastic T6 - 10mt.

da: Freudenberg

Modello: STOFRE-53474016

A transparent, elastic PU tape for ladies' wear, lingerie, swimwear and sportswear. It is seamless and can be fixed by sewing without problems. For shoulder seams, top edges, seams, armhole, creative accents (ruffles, ripples).

Sewable tape of a very high and permanent elasticity. Chlorine-resistant.

For the securing of elastic seams, e.g. shoulder seams of ladies' wear, lingerie, swimwear and sportswear and also for creative accents such as gathers, ripples and ruffles. Suitable for all fabrics and transparent fabrics.

Very high elasticity and very strong, resistant towards bleach, not allergenic.

Cut Framilastic to size, but shorter than the length of fabric to sew and depending on how much gathering you want. Sew on the tape smoothly at the beginning of the fabric to be gathered at a length of approx. 1 cm. Then stretch your tape to the desired length and sew it on while stretched.

The price is for 10 mt.
