Sherbet Stars

da: Cotton Way

Modello: SCHQUILT-CW-929

Jelly Roll friendly quilt size. It looks difficult, but with a jelly roll it is not!

Jelly Rolls make a designer's head spin, at least this designer's head! The second you sew a few of them together and start cutting them apart in various ways, really fun and still simple things start to happen!

Dimensions: 84" x 96" (about 210cm x 240cm).
