Guide pratique du patchwork, de l'appliqué et du quilting

da: Eyrolles

Modello: LIBFR-9782212137033

Linda Clements ha reunido para ti modelos tradicionales, creaciones textiles contemporáneas y técnicas de cosido, bordado y decoración más modernas que podrás utilizar para tomar inspiración. Con más de 220 técnicas, 800 ilustraciones a colores y muchos consejos, este libro se hará de verdad indispensable. Al inicio de la obra encontrarás un capítulo de presentación de materiales, tejidos y técnicas de base: selección de colores, estimación del metraje, empleo de patrones. Después de eso, te zambullirás en el centro de las variadas composiciones de patchwork que hay: algunas son célebres y conocidas (como el log cabin por ejemplo), otras son de descubrir por entero. El capítulo sobre el applique te mostrará como evidenciar tus proyectos y te explicará detalladamente todas las técnicas que están a tu disposición. En la última parte, aprenderás todo lo que hay de saber sobre el quilting junto a 13 pequeños proyectos para poner en práctica lo que habrás aprendido.

Vêtements d'Enfants: Créer Ses Patrons

da: Eyrolles

Modello: LIBFR-9782212139259

Carla Hegeman Crim speaks to all sewers who are tired of all kinds of patterns and want to get into the designing of their own models. Instead of complex methods you will find the basics and the pattern types that you will adapt as you wish. The size charts give a perfect idea of the growth and development of a child's body.

In order to better understand the alteration process of the designs, you'll find cutting notions together with tips for the transformation of the patterns. Finally, the pictures provided by pattern makers, designers and sewers of all levels will be a great source of inspiration.

Guide de couture à la machine à coudre

da: Eyrolles

Modello: LIBFR-9782212137965

Guide de couture à la machine à coudre.

This work will guide you through, from your very first steps all the way to the decorative finishings, into all the features of your sewing machine. After a quick scan as per the actual market of sewing machines and their features, the book runs through a simple approach with 10 projects, explained A to Z, as examples.

You will learn which technique to choose, and which type of stitch goes best with it, which presser foot, which thread, fabric, which canvas mount must be used. Numerous detailed and illustrated step-by-steps, charts and tricks will help you out. A future classic, that you will refer to, whatever your level is. This book affects all electrical sewing machines, whether they're mechanical or electric, and be what it may their brand.

L'art-thérapie pour les malades Alzheimer

da: Eyrolles

Modello: LIBFR-9782212565140

Difficulties with communicating, memory loss, irritability, apathy ... the main symptoms of Alzheimer disease progressively isolate a person and cause mental distress. Family and friends struggle to help, without knowing how to share anything other than treatment with the patient. Textile art-therapy, thanks to therapeutic goals (stimulating verbal and non-verbal, sensory gratification, procedural and emotional memory ...) sets off relational sharing , calms anxiety and decreases the symptoms of the patient. This work suggests art-therapy activities with embroidery, sewing and knitting, easy to do and geared to the different stages of the disease, which will allow the patient to gain self-esteem and dignity.

Broderies dessinées

da: Eyrolles

Modello: LIBFR-9782416000379

Broderies dessinées: 16 créations à broder - Toutes les pistes pour développer ses propres modèles

This book invites you to explore the world of embroidery with a fresh perspective. Imagine your hoop as the designer conceives the blank page: like a space of freedom and limitless experimentation.

Marion Romain guides you through the choice of the right materials and the learning of the basic stitches. You will soon be able to easily recreate some of the 16 designs inside the book, of which the details in all the stages are shown. But above all, she encourages you to take a step aside and follow the path of your creativity: where to find inspiration and how to collect your ideas? How to translate an image into embroidery? How do you play with textures and colors, work with lines and fillings? With elegance and grace, she'll take you on a journey to creativity.
