Red Book Of Sampler Stitches

da: The Sampler House

Modello: LIBHOF22-2200

Red Book Of Sampler Stitches (Revised And Expanded)
Eileen Bennett has spent years getting acquainted with samplers from around the world, studying the stitches and discovering how they are made, and which method is best for different uses. This book brings us a comprehensive study of the stitching of the 17th Century needlewoman. Each stitch is well charted and discussed. This handy book should see you through all your stitching adventures. 62 pages.

Price: € 43.67 (incl. VAT)
