## Clear Heat Resistant Acetate Sheets

da: Stix2

Modello: ACCSTIX-S57217

Perfect for stamping and heat embossing. Simply ink the stamp, press onto acetate, add embossing powder, flick off the excess then heat. The powder will melt and dry raised without the acetate shrinking or misshaping. Our Clear Acetate Sheets have a wide variety of uses, your imagination is the limit. All 4 are Acid Free. Acetate can also be written on with markers and easily cut with scissors or a die cutter.

## Transfer Foils - Gold

da: Stix2

Modello: ACCSTIX-S57111

Transfer foils are a great way to add colour to your craft projects. The colour of the foils transfers from the dull side of the foil when pressed on to a sticky surface. Can be used to decorate all kinds of double sided adhesives. Always apply dull side of the foil to the adhesive surface. Easy to use and mess free.
