Odicoat Fabric Coating

da: Odif

Modello: ACCODIF-17-435250

ODIF OdiCoat Gel turns ordinary cotton fabric (even jeans and other fabrics) into a coated fabric! OdiCoat Gel is therefore ideal for making bags, purses, pencil cases, backpacks, aprons, placemats and more.

OdiCoat Gel gives fabrics the properties of waxed canvas. It protects fabrics from UV rays and pollution. OdiCoat Gel is simply to apply, with a brush or the included Odi-Clette. For best results, it is recommended to apply OdiCoat Gel a second time after a short drying time. After drying, the fabric can be cut and sewn. Thanks to the coating, it is now easy to maintain and can be cleaned with a damp cloth or sponge and washed at 30°C on a gentle cycle. Iron inside out. 250 ml is enough to coat about 2.5mq of fabric.

Important: Because fabrics may react differently, it is always advisable to run a test on a small piece of fabric first.
250 ml.

Price: € 18.30 (incl. VAT)

Grippy Non-Slip-Spray

da: Odif

Modello: ACCODIF-17-438150

Slightly sticking spray adhesive to give the treated surface a non-slip coating. Ideal for patchwork rulers, stencils, carpets, hangers, etc. Application: Shake well and then spray evenly from a distance of 20cm. After one minute, the spray is dried and is then transparent. If the desired anti-slip effect is not sufficient, you can easily apply a second coat. ODIF DK5 can be used to remove the spray adhesive. You should always try to use Grippy for your intended use before using it.
150ml (5,07 fl oz)

Price: € 9.00 (incl. VAT)
